College Profile

St. Mary's Centenary Degree College, Secunderabad is a Catholic Christian Minority Co-Educational Institution under Hyderabad Archdiocese Educational Society started in 2001. Since its inception, the College has ensured excellent and exemplary standards, which has helped the college to be one of the top most and sought after colleges in the state.

The College is Affiliated with Osmania University and recognised by UGC u/s 2(f) and aims to be a pioneer institution offering Commerce and Management Outcome-Based Education.

The instructional facilities are spacious and the laboratories are continuously upgraded with state-of-the-art equipment. The college has a sophisticated Library and also has an impressive repository of reference books, Magazines, National and International Journals catering to the needs of students and faculty.

Every effort is made to ensure that the students are trained in technical skills while inculcating in them a sense of ethics, values and social responsibility in tune with the Vision and Mission of the Institution.

The college aims at preparing graduates to lead extraordinary lives in pursuit of truth and personal integrity. It has carved a niche as one of the best institutions for its academic standards with a team of the most committed, dynamic, efficient and highly qualified teaching staff. The Institution imparts sound academic knowledge by promoting spiritual social values which help the integrated growth of the students.

The College is located in the heart of the Twin Cities with 0.80 kms. from Secunderabad Railway Station and can be reached by MMTS, Metro or TSRTC City Buses.

The Institution has a tradition of nurturing leadership qualities by developing capabilities to challenge the state of emerging technologies. Judicious use of teaching pedagogies, value-added courses in collaboration with Industries, Workshops and Seminars on emerging and contemporary issues nurture the students' pruriency as global citizens.

Our students are not only graduates, but they also grow by leaps and bounds and so does our institution, because we are sure that the success of our students is the impetus of the institution. Integrating character and creativity, smart work blended with a compelling compassion and commitment towards societal progress, in pupils' personalities has been the trump card for our triumph over two decades now. We augment academics with an industry-institute interface wherein our students remain ahead and abreast of industrial applications pertaining to their domain.

Our ambition is to nurture the students into proficient global citizens. To achieve this, the co-curricular activities, certificate courses and value-added courses are designed with the pace and technology of the modern world, to create an atmosphere perfectly conducive to academic pursuit.

Our student-centric approach will ensure that Marians gain not just depth and breadth in their chosen area of specialization, but a holistic set of skills that will equip them to face the real world. At every stage, there will be opportunities to expand their boundaries, with multiple platforms for collaboration and learning.

Finally, we intend to ensure that every opportunity to learn is utilized to the maximum and the end goal is that the student transforms into an individual full of enthusiasm, confidence & knowledge to face global challenges, becoming both individually and professionally successful, as well as socially responsible.

This proximity helps us in attracting the beacons of the industry to our Campus for regular interactions with our students and helps the students to secure successful placements. The Campus is the hub for many academic & professional activities making it pulsate with positive energy.

VISION

To be an educational hub for a student's holistic development and empowering them with tools of love, service and sacrifice so as to become catalysts of positive change towards a better society.

MISSION

- ❖ To become a centre of excellence in education by continually enhancing the quality of output in all areas
- ❖ To become a centre of cultural integration and communal harmony
- ❖ To promote academic exchanges in an environment enabled with latest technological up-gradations
- ❖ To develop global competencies while exposing them to life skills needed to endure stiff competition in today's competitive world
- ❖ To inculcate the four Cs - Competence, Commitment, Conscience and Compassion in young men and women of the college

It is not in the stars to hold our destiny but in ourselves.

– William Shakespeare

PRINCIPAL'S DESK

Fr. Dr. P. Anthony Vinay, Principal

Today, the role of Higher Education is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. At St. Mary's Centenary Degree College, we provide an atmosphere to our students for multifaced development, where students are encouraged to channel their potential in the pursuit of excellence. This can only be possible in a holistic, student-centric environment.

Revolution is a much-needed impetus for the growth of human society. Reforms are needed in everyfield, especially in the field of education. The latest revolution in the system of Indian education has come with the origin of the National Education Policy (NEP) 2020.

According to David A. Kolb, learning is the process whereby knowledge is created through the transformation of experience. The NEP 2020 focuses on experiential learning, equity and discovery-based teaching-learning methods. We,at our college promote this with the help of peer learning as voluntary, fun creative, collaborative and joyful exploratory activities in the classroom for experiential learning and deeper student learning.

We are creating a user-friendly and inclusive classroom atmosphere where students feel happy and comfortable and are able to develop their talents and skills. Under the guidance of the NEP, Higher Educational Institutions focus on the skill-enhancement of the students.Efforts will be made to eliminate rote-learning and emphasis will be laid on experiential learning. We strive hard to cultivate '21st-century skills' among students, including critical thinking, problem-solving, creativity and technical knowledge. TheInter-disciplinary approach is the vision of the NEP. NEP will certainly encompass the needs of the students making them skilful learners who are competent to face real-time challenges. Our experienced, qualified and committedfaculty providesan inclusive curriculum to promote inclusion and equity in education for the holistic development of the students.

Dear students, it is my message to you all that people of fine character live by their values. They are honest and are committed to truthfulness, word and deed. Character creates self-discipline, self-respect, which in turn leads to high self-esteem. Maturity is reflected in all aspects of character-the decisions we make, the friends we choose and the responsibilities we accept. Always remember to uphold the dignity of people. Be always ready to give preference to others. What you are is God's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.

"With warm wishes and God's abundant blessings".

Yours in Christ
Fr. Dr. P. Anthony Vinay, Principal

HIGHLIGHTS OF THE INSTITUTION

- Secured 7th Rank in the state of Telangana and 51st rank in India under the Non-Autonomous Colleges ranking by Education World April 2023.
